Is the holding under movement restriction for bovine Tuberculosis? ***YES/NO***

Is the above holding under movement restrictions for any other animal disease or public health reason? ***YES/NO***

Withdrawal periods have been observed for all veterinary medicines and other treatments administered to these animals whilst on this holding and previous holdings.

To the best of my knowledge these animals have not suffering from any disease or condition that may affect the meat derived from them.

No analysis of samples taken from animals on the above holding or other samples have shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat or to substances likely to result in residues in meat.

IF ANY OF THE ABOVE ANIMALS DO NOT FULFIL ALL THESE STATEMENTS, TICK THIS BOX AND PROVIDE AN ADDITIONAL FOOD CHAIN INFORMATION FORM ☐

- ***ALL*** cattle must be accompanied by their passport and CTS where applicable. All cattle born after January 1998 must be double tagged to satisfy current legislation. If presented with an incorrect passport or tag(s), an offence has been committed and the carcass will NOT be passed for human consumption.
- ***ALL*** cattle, whatever age, must be presented with clean (clipped if necessary) belly, brisket, flank and hips. **If not they will be rejected for slaughter**.
